

RECENT TRENDS IN DAIRY AND POULTRY INDUSTRIES

Date : 03-08-2019

Class : BZC students

Resource Persons: 1. Prof.Ch.Venkata Seshaiah
Director, Livestock Farm Complex
2. Prof.D.Narendranath, Head,
Department of Poultry Sciences,
NTR University of Veterinary Sciences,
Gannavaram,
Krishna Dist

Brief Report : Prof.Ch.Venkata Seshaiah addressed the gathering and said that lack of male livestock shows its impact on breeding. While countries like Brazil are going forward using the sperm of our Ongole breed, the quality milk producing breed, Punganuru variety is becoming endangered.

Prof. Narendranath stated that Poultry in Andhra Pradesh is in second position while Tamilnadu occupies first place in the country. He also said that following best management practices would improve the productivity.
