PARTICIPANTS : 60 students from II & III BSc [MPCS, MECS, MSCS & MSCA].

DESCRIPTION OF THE PROGRAMME

Sri. A.V.V.S. Pavan discussed the key role of applications that are being rolled out every day to cater to an ever-increasing demand and need to develop powerful and scalable apps for the Web and Mobile Platforms. He also spoke on the value of developing and maintaining applications in one's career where there is a wide scope of work. He motivated the students by saying that they have strength to build their own applications and develop the project using the Programming Language Java.

SPEECH BY Mr. A.V.V. PAVAN
