

VISIT TO FISH PONDS

Date : 14-12-2018

Class : III BZC Aquaculture Cluster Students

Places of Visit: Central Institute of Freshwater Aquaculture (CIFA)
Penamaluru
Krishna Dist.

Brief Report : Students gained first-hand information in the management practices of culturing Indian Major Carps and Pangassius (cat fish) and the functioning of the Chinese Hatchery. They also observed the netting process for checking the sample.
