4. Central Institute of Fisheries Technology (CIFT) Migratory
5. National Institute of Fisheries & Post-harvest Training (NIFPHATT)
6. The Dolphin Nature Biodiversity Park  
Visakhapatnam
7. Borra Caves & Tribal Museum at Araku Valley

**Brief Report** : A 3-day Study Tour was arranged by the Department to the State and Central Institutes of Fisheries Research and Training with a view to provide exposure to the students of Aquaculture to the research activities progressing in these institutes. Students interacted with the research scholars and training personnel and gathered a lot of information regarding the latest advancements and current thrust areas in the field. They also correlated their observations with the various topics they have studied in the curriculum.

Students observed various different varieties of rare plantation at the Biodiversity Park and appreciated the scenic beauty of Borra caves and Araku Valley and the lifestyle of the tribals at the Tribal Museum.
