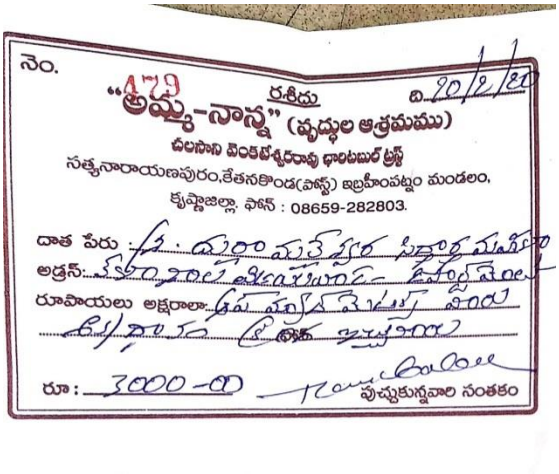
Extension Activity

Under Akshaya Patra, Best Practice of the Department of Mathematics organised an extension activity at Amma Nanna Old Age Home at Kethanakonda, Ibrahimpatnam on 20-2-2020.


Faculty members of the department and students have donated Rs. 3000/- towards distribution of food for one day to 60 old people residing at the old age home. Students took active part in serving the food to the elderly people and received their blessings. Students were taught human values and responsibility towards society through this activity.
