

## **Guest Lecture on BHARATHIYA SAMSKRUTHILO-STHRI**

**Resource Person:** Dr.Medasni Mohan, Pancha Sahasravadhani,  
Director, Annamacharya Project ,TTD, Tirupathi.

### **Report:**

On the occasion of Sahithi Sadassu a Guest Lecture was arranged on 20-01-2018. The Guest enlightened the students on how women are treated in the society and condemned the outlook towards women in today's society. He expressed that the worth of civilization can be judged by the place given to women in the society and one of several factors that justify the greatness of India's ancient culture is the honourable place granted to women. He felt that women are intelligent, hard-working and efficient in work and put heart and soul together in whatever activity they undertake. Generally it was found that women are less susceptible to corruption in the form of bribery and favouritism.
