

EMERGING TRENDS IN MOLECULAR BIOLOGY AND PLANT TISSUE CULTURE

Nature of Programme	: National Workshop
Title	: “Emerging Trends In Molecular Biology and Plant Tissue Culture”
Chief Guest	: Dr.K.R.S.Sambasiva Rao, Vice Chancellor, Mizoram Central University.
Guest of Honour	: Asst.Prof.B.Siddhartha, Department of Microbiology, Pondicherry Central University.
Resource person	: Dr.M.Guravaiah, M.D, PEARL LABS, Mangaldas Nagar, Rajagopal Nagar, Near Best Price, Guntur
Number of Students	: III FMB & FMC (150) Students & 4 Staff members
Date	: 17/3/2022 & 18/3/2022

Brief Report:

Microbiology, Biochemistry and Botany Departments organised a Two-day National Level Workshop in association with PEARL LABS on Techniques – SDS-PAGE, Polymerase Chain Reaction (PCR), Plant Tissue Culture for the students of III B.Sc. FMB, FMC & BZC. Students gained experience through Hands on Training.

Speech by Chief Guest

Practical Demonstration
