

AWARENESS ON BREAST CANCER

Resource persons: Dr.A.Y.Rao,M.D,
Prof. & Head of Oncology,
MGM Hospital, Warangal

DATE: 22/11/2014

Brief report:

Dr. A.Y.Rao, M.D, Prof. & Head of Oncology & Radiology, MGM Hospital, Warangal, Explained about different types of cancers: Skin, Lung, Prostate, Breast, colorectal, Kidney (renal), Bladder and Non-Hodgkin's lymphoma.

He alerted that out of these, breast cancer is the most common cancer diagnosed in women. Breast cancer is a cancer that forms in the cells of the breasts. Substantial support for breast cancer awareness and research funding has helped and resulted in advances in the diagnosis and treatment of breast cancer. He expressed that the Breast cancer survival rates have increased, and the number of deaths associated with this disease is steadily declining, largely due to factors such as earlier detection, a new personalized approach to treatment and a better understanding of the disease.
