6. Brief report of the programme : Commerce and Management Students of the Sri Durga Malleswara Siddhartha Mahila Kalasala exhibited different models on the day of Expo by using their own skills, and talents. Students exhibited various interesting models such as barter system, commerce city, product life cycle and many more. Students of different sections of our college visited commerce expo and enjoyed thoroughly and praised the efforts of the students for making Expo a knowledge centre. The main aim of the expo is to provide a platform to the students where they can implement the various theoretical concepts through 3D models and to Extract the inherent talent of the students. Director and Principal appreciated all the participants of the Expo and said that this type of Expo's embarks students learning and practical knowledge which is shaped basically in their classrooms. They also expressed that students should not confined Only to the classrooms alone but they have to participate in this type of activities to bring out their inherent talents and creativity to acquire knowledge.
