Training in Online-Assignments using Google Classroom

Date: 24ᵗʰ June, 2021
Description of the Program:

The COVID-19 pandemic has forced many sectors to shift their bases to online including education, where numerous schools and colleges have started teaching their students through online platforms across the world.

The DEPARTMENT of COMPUTER SCIENCE conducted an FDP on '**Training in Online-Assignments using Google Classroom**' which helped the Non-Computer faculty to learn the method of conducting Online-Assignments using Google Classroom. This training empowered the staff to deliver a more impactful lecture and guidance to students than before.

Smt. K.Anitha, HOD of the Department started the session by giving a brief introduction to the importance of the program. She also explained about how to enroll for Swayam Courses. Later on the session was handed over to Smt. P.Harika, Lecturer & Placement Officer, SDM Siddhartha Mahila Kalasala, Vijayawada. She started the session with an introduction to Google Classroom and proceeded with hands-on training covering the following topics like: Creating Google Classroom, Giving Assignments, On-line Correction, Uploading Files, Converting the files to PDF, etc.
