

EXTENSION ACTIVITY ON COMPUTER FUNDAMENTALS & INTERNET CONCEPTS

DATE : 05-12-2014

BRIEF REPORT

Students conducted an Extension Activity on “**Computer Fundamentals & Internet Concepts**” at Bishop Grassi High School, Gunadala, Vijayawada on 05-12-2014.

Today, many people all over the world use some form of a computer every day. A general understanding of computers can help them to do better in today's world and it can prevent them from getting left behind. Reasons are identified to learn more about computers with additional resources. Since technology has been advancing and methods to access the Internet are also increasing.

Students interacted with the school students and explained the importance of computer and usage of internet with the help of power point presentations and Posters. In this interactive programme many doubts were clarified.

POSTER PRESENTATION ON INTERNET
