

## **FACULTY FORUM 2 - (20/7/24)**

**Ms. Sudha Vani**, Dept of Maths

### **TOPIC: Benefits of Mathematics in Daily Life**

\*Smt. S. Sudha Vani emphasized that mathematics is not just an academic subject but a vital skill that enhances various aspects of daily life. She encouraged the faculty to appreciate and utilize mathematical principles to improve their personal and professional lives. This enlightening presentation showcased the versatility and importance of mathematics, reaffirming its relevance in everyday activities and decision-making processes. Finally, the interactive nature of the session facilitated knowledge exchange.
