

PROBABILITY & ITS APPLICATIONS IN REAL LIFE

Preamble:

Arranged an Awareness Programme (Student Induction Programme) on Probability & Its Applications in Real Life on 06-04-2021.

Participants:

46 students of I B.Sc. MSCS 'A'

Resource Person:

Miss. K. Madhu Priya, III B.Sc. MSCS 'A' SDMSM Kalasala, Vijayawada.

Description of the Programme:

The Department organized an Awareness Programme on “Probability & Its Applications in Real Life” for the first year MSCS 'A' students. Students were introduced the major concept Probability which is both a fundamental way of viewing the world and, a core mathematical discipline. They were explained that Probability has a significant role to play in almost every branch of Science and Engineering and about the sectors where the Probability was widely in use like sports, weather reports, blood samples, predicting the sex of the baby in the womb, congenital disabilities, and many. She also explained about the increased influence and heightened awareness of probability carrying new responsibilities and opportunities for Statisticians. Students took active part in discussion.

Miss. K. Madhu Priya creating Awareness to the students of I MSCS 'A' class.
